Call for Papers

The SICE Annual Conference 2023, organized by the Society of Instrument and Control Engineers (SICE), will be held on September 6-9, 2023, at Mie University, Tsu, JAPAN.

The SICE Annual Conference 2023 is an international conference covering a broad range of fields from measurement and control to system analysis and design, from theory to application, and from software to hardware, and will provide an opportunity for both academic and industrial engineering practitioners in measurement and control fields to present their work and discuss their ideas.

The technical program of SICE 2023 will consist of plenary and invited talks, tutorial courses, and workshops, as well as oral and interactive sessions.

Conference Venue

SICE 2023 will be held at Mie University, the only national university in Mie Prefecture. Mie University is located at center of Tsu city. It is easy to access from Nagoya Station by train and from Central Japan International Airport by fast ship (<https://www.mie-u.ac.jp/en/about/map/>).

Tsu city has easy access to Ise Jingu, Shima Kanko Hotel, Toba Aquarium, Suzuka Circuit, Iga-ryu Ninja Museum, Nagashima Spa Land etc. (<http://www.travel.pref.mie.lg.jp/>). Please enjoy the conference and sightseeing.
